## **A Call to our Nation's Leaders to Save AmeriCorps**

**Signed by AmeriCorps programs and the community-based organizations that depend on AmeriCorps members to meet critical needs**

**Urgent Request to the President and Congress to Act to Prevent Hundreds of AmeriCorps Programs from Shutting Down Nationwide**

***Federal Emergency Appropriations of \$200 million needed now***

To President Bush and Members of Congress:

We – the AmeriCorps programs of America and the schools, nonprofit organizations and community-based organizations across the nation that depend on our AmeriCorps members to meet critical educational, human service and environmental needs – request that you secure an emergency appropriation of \$200 million to save AmeriCorps. Mr. President, if you include funding in your supplemental request to Congress, we believe that Congress will follow your lead.

Without your immediate leadership, AmeriCorps initiatives in entire states will collapse. AmeriCorps programs that have been built over a decade or more will shut their doors. Thousands of children, schools, seniors and communities that rely on AmeriCorps members for vital services will be abandoned. The patriotic desire of tens of thousands Americans to serve their country will be dashed.

The Corporation for National and Community Service announced devastating cuts last week in AmeriCorps funding – closing hundreds of AmeriCorps programs coast to coast and slashing others to a shell of their former size and impact.

Last year (2002 - 2003), 67,000 AmeriCorps members were enlisted for service. This year (2003 - 2004), only 28,000 new members will be enrolled – a 60% cut. Only your leadership now can save AmeriCorps. Next year's appropriations are too late. AmeriCorps services and its heralded decentralized infrastructure of over 900 local programs – built by community leaders and private sector partners over a decade – cannot be dismantled this year and rebuilt the next.

We applaud Senators Kit Bond (R-MO) and Barbara Mikulski (D- MD) for their leadership in assuring the fiscal accountability of the Corporation for National Service and the National Service

*\* Where "AmeriCorps" appears in the names of organizations signing this letter, it is for purposes of organization identification only.*

Trust, which administers the scholarships earned by AmeriCorps members, by authoring the Strengthen AmeriCorps Act. President Bush rightly said that the Act is an “essential first step.” The essential next step is for President Bush to propose and the Congress to approve emergency funding for AmeriCorps. A bipartisan group of forty-eight United States Senators, led by Senators John McCain (R-AZ), Jack Reed (D-RI) and Evan Bayh (D-IN), sent President Bush a letter last week in support of the \$200 million emergency appropriation needed to restore AmeriCorps programs and membership in the current grant cycle. Many other Members of Congress, including Senator Mikulski, a great champion of national service, have also written President Bush to request an emergency appropriation for AmeriCorps.

Without urgent funding, the Corporation for National and Community Service will fund 39,000 fewer AmeriCorps positions this year than last year, hundreds of AmeriCorps programs will shut their doors and hundreds more will be gutted – and thousands of patriotic Americans who are ready to serve will be told to stay home.

At a time when applications to AmeriCorps are at an all time high, when patriotism in our country is the highest since World War II, when the economic downturn is forcing painful cuts in services provided by states and localities – and when the President of the United States has called for a 50% increase in AmeriCorps membership, AmeriCorps programs should be growing, not closing.

AmeriCorps members are tutoring, mentoring and providing safe, educational and caring after-school programs for thousands of children at risk. They are building urban playgrounds, restoring community centers, immunizing children, caring for senior citizens, and protecting our urban and rural environment. They are organizing thousands of volunteers for service, and inspiring a “can do” civic spirit across our country.

In just ten years, AmeriCorps has become a vital service resource – and a training ground for our future civic leaders – by engaging more than 300,000 idealistic, patriotic young Americans for a year of fulltime service. The GAO estimates that the return on every AmeriCorps dollar is between \$1.60 and \$2.60.

We urge you to secure an emergency appropriation of \$200 million to save AmeriCorps.

Signed,
