

*A Coalition to Protect
and Grow National Service*

Membership Overview

PARTNERING TO PROTECT AND EXPAND NATIONAL SERVICE

Voices for National Service is a coalition of national, state and local service organizations working together to build bipartisan support for national service, develop policies to expand and strengthen service opportunities for all Americans, and to ensure a robust federal investment in the Corporation for National and Community Service (operating as AmeriCorps).

Voices for National Service was founded in 2003 in the wake of a successful campaign to save AmeriCorps from sudden and significant proposed cuts. The national service field organized and launched a successful “Save AmeriCorps” campaign that ultimately restored--and in fact increased--federal funding for AmeriCorps within one year. Following the successful 2003 Save AmeriCorps campaign, the national service community established Voices for National Service, a permanent field-based coalition dedicated to protecting and growing the federal investment in national service.

City Year serves as the organizational and operational host of Voices for National Service and the coalition’s work is guided by a Steering Committee of CEOs of service organizations and leaders of state service commissions. The work of Voices for National Service is made possible through membership dues, philanthropic grants and gifts, and annual support from co-chairs and members of Voices for National Service’s Business Council and Champions Circle.

About Voices for National Service

"Since 2003, Voices for National Service has been building strong bipartisan support for national service. It is the way in which we build up our nation, we build up our people, and [Voices members] epitomize the values of this great nation."

– REP. ROSA DELAURO, MEMBER OF CONGRESS, CHAIR OF THE HOUSE APPROPRIATIONS COMMITTEE

"Voices for National Service is absolutely critical to protecting and growing the federal investment in national service. I have been amazed at the success Voices for National Service has had on influencing local, state, and federal officials in securing support for AmeriCorps, and other national service programs including VISTA, Senior Corps, and the Social Innovation Fund. During my time as the CEO of the federal agency that leads these programs, the Corporation for National and Community Service, I have personally witnessed leading members of Congress, Governors, and Mayors transition from having little knowledge of national service to becoming champion supporters. The work of Voices made this transformation happen. And thanks to its outstanding education and advocacy platform, Voices has helped lead the way to record levels of funding for several programs. That's great success, especially given these tough economic times."

– WENDY SPENCER, FORMER CEO OF THE CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

"Voices for National Service has been at the epicenter of the effort to build strong, bipartisan support among our nation's leaders for national service."

– DAVID COHEN, U.S. AMBASSADOR TO CANADA AND FORMER SENIOR ADVISOR, COMCAST CORPORATION

"Voices for National Service is leading the charge on service policy. Their research powerfully demonstrates the value of investing in national service. We are proud to be a member of Voices for National Service and to contribute to this robust community of leaders in the national service field."

– ELISA VILLANUEVA BEARD, CEO OF TEACH FOR AMERICA

"We need to stand together to expand service opportunities in America. Voices for National Service unites our movement in a single voice to achieve that goal and to enable organizations like FoodCorps to reach more students and communities."

– CURT ELLIS, CEO AND CO-FOUNDER OF FOODCORPS
