

FRIENDS *of* NATIONAL SERVICE AWARDS

Sponsorship Opportunities

For 20 years, Voices for National Service has hosted the Friends of National Service Awards in Washington, D.C. This annual celebration brings national service champions together to recognize leaders from the public, private and nonprofit sectors who have contributed in building a culture of citizenship, service and responsibility within America. Over the years, this awards dinner has honored over 150 distinguished leaders in government, business, philanthropy and journalism. The honorees are selected for their work in helping to raise public awareness of AmeriCorps or for elevating national service as a solution to some of the nation's most pressing challenges.

Every year, this widely attended event has a powerful bipartisan tone and it is a testament to the breadth of support for AmeriCorps across many sectors. At a time when our country and our communities seem so divided, this awards celebration consistently demonstrates that national service has the power to bring people together.

About us:

VOICES FOR NATIONAL SERVICE

Partnering to protect and expand national service

Voices for National Service is a coalition of national, state and local service organizations working together to build bipartisan support for national service, develop policies to expand and strengthen service opportunities for all Americans, and to ensure a robust federal investment in the Corporation for National and Community Service (operating as AmeriCorps).

Voices for National Service was founded in 2003 in the wake of a successful campaign to save AmeriCorps from sudden and significant proposed cuts. The national service field organized and launched a successful “Save AmeriCorps” campaign that ultimately restored--and in fact increased--federal funding for AmeriCorps within one year. Following the successful 2003 Save AmeriCorps campaign, the national service community established Voices for National Service, a permanent field-based coalition dedicated to protecting and growing the federal investment in national service.

City Year serves as the organizational and operational host of Voices for National Service and the coalition's work is guided by a Steering Committee of CEOs of service organizations and leaders of state service commissions. The work of Voices for National Service is made possible through membership dues, philanthropic grants and gifts, and annual support from co-chairs and members of Voices for National Service's Business Council and Champions Circle.
