

President Biden's FY24 Budget Request – Draft Social Content

.@POTUS's FY24 budget request includes \$1.479B for @AmeriCorps, which shows that the @WhiteHouse recognizes #NationalService is a necessary investment to address the most critical issues facing local communities. #Stand4Service

The President's budget increases funding for @AmeriCorps programs & includes targeted investments to:

- ✔ Increase living allowances for AmeriCorps members to \$13/hour, on the path to \$15/hour by 2025
- ✔ Strengthen pathways to education & employment after service
- ✔ Establish a Civilian Climate Corps

#Stand4Service

#NationalService is one of the best investments the government can make, and we're glad that @POTUS prioritized @AmeriCorps for FY24. @ORG will continue to work w/ our congressional champions to secure funding to expand access to #NationalService. #Stand4Service

Congress needs to know that you agree #NationalService is a priority. Use your voice to encourage your reps to support @AmeriCorps in the FY24 budget to expand access to service opportunities & benefits for those who serve: bit.ly/CCFY24. #Stand4Service #AmeriCorpsWorks

“At a time when the vital service AmeriCorps provides is needed more than ever to solve local challenges, it is critical that resources are provided to support service at the appropriate scale and with benefits that enable Americans of all backgrounds to serve. **There is no shortage of need in our communities, and we must make sure that AmeriCorps is funded at the level required to attract and mobilize the talent and skills needed to meet that need.**”
